

Note : 1) Attempt all the questions.

2) Figures to the right indicate full marks.

Q.1 A) State whether the following statements are true or false: (any eight) 8

- 1) Physical Environment is also called 'Abiotic' Environment.
- 2) Biodiversity is the variety of different types of life found on earth.
- 3) Clean and renewal energy is called, as wind power.
- 4) Coal is not available on earth.
- 5) Acid rain is not causing damage to forests.
- 6) Climate change and agriculture are not interrelated.
- 7) EIA means Environment Impact Average.
- 8) RADAR means Radio Detection and Ranging.
- 9) Primary sector relates production of raw materials and basic foods.
- 10) Environment is degrading because of human activity.

B) Match the following : (any seven) 7

- | A                             | B                                  |
|-------------------------------|------------------------------------|
| 1) Mining                     | a) Fossil Fuel                     |
| 2) Forest                     | b) Methane                         |
| 3) EIA                        | c) Solar                           |
| 4) Atmosphere pollution       | d) Wind energy                     |
| 5) GPS                        | e) Pollution                       |
| 6) Threats to Bio - diversity | f) Global positioning system       |
| 7) Air across land and sea    | g) Greenhouse effect               |
| 8) Renewable Energy           | h) Environmental impact assessment |
| 9) Coal                       | i) Trees                           |
| 10) Natural gas               | j) Minerals and Metals             |

Q.2 A) Discuss the various components of environment. 8

B) Explain the levels of organisation. 7

OR

C) Examine the importance of water resources. 8

D) Discuss the causes of De-forestation. 7

- Q. 3 A) Discuss the measures to conserve energy.  
B) Explain the classification of Natural Resources.

OR

- C) Discuss the environmental problems associated with industries.  
D) Discuss the need and importance of environment management.
- Q. 4 A) Explain the classification of Corporate Audits.  
B) Write a detailed note on remote sensing.

OR

- C) Explain the following in detail:  
(i) Classification of Bio-diversity  
(ii) Threats to Bio-diversity

Q. 5 Write short notes on (any 3)

- a) Structure of Environment  
b) Environmental Auditing  
c) Environmental Impact Assessment  
d) Water conservation  
e) Economic activity
