

- Note :** 1) All questions are compulsory.
2) Figures on the right side shows marks.

Q. 1 A) Explain Globalisation and its impacts

9

OR

Explain growth in information technology and communication due to globalisation.

B) Explain Liberalisation and its all characteristics in detail.

6

OR

Explain Privatisation and its all characteristics in detail.

Q. 2 A) State and explain characteristics of human rights.

9

OR

Explain the evolution of human rights.

B) Answer in brief Ecology and all its branches.

6

OR

Explain components of environment.

Q. 3 A) What is the environment degradation. Explain all types in detail.

9

OR

Give the causes of environmental degradation.

B) What is the impact of environmental degradation on human life.

6

OR

Explain concept of sustainable development and its components.

Write short notes on five among following :

15

- 1) Group stressors
- 2) Erosion
- 3) Food chain
- 4) Acid rain
- 5) Migration
- 6) Environmental stressors.

G. 5 A) Fill in the blank with correct options: Attempt any five:

- (i) Privatisation is done to overcome _____ in PSU.
(Corrosion / Errorsion / Corruption)
- (ii) _____ is the major reason for farmers suicide.
(Indebtedness / higher output cost / lower input cost)
- (iii) Impact of IT and communication is _____.
(FDI / Cost effectiveness / Delicensing)
- (iv) The negative impact of migration to foreign countries is _____.
(Indebtedness / Communication / Brain drain)
- (v) _____ is not branch of Ecology.
(Astronomy / Eco-physiology / Eco-system Ecology)
- (vi) Food chain always starts with _____ life.
(Plant life / Primary consumer / Animal life)
- (vii) Food chain always ends with _____ life.
(Plant life / Primary consumer / Animal life)
- (viii) Liberalisation means _____.
(Delicensing / integrating worlds economy / Reducing investment in PSU)
- (ix) Globalisation means _____.
(Delicensing / integrating worlds economy / Reducing investment in PSU)
- (x) Privatisation means _____.
(Delicensing / integrating worlds economy / Reducing investment in PSU)

B) State true or false (any five)

- (i) Delicensing is done in defence products.
- (ii) Delicensing is not done in Industrial Explosives.
- (iii) Privatisation is done in PSU to get good customer service.
- (iv) Efficiency can be achieved in privatisation.
- (v) Indebtedness is not a major reason for farmers suicide.
- (vi) Brain drain happens due to foreign migration.
- (vii) All non-living things are considered in biosphere.
- (viii) Ecology is science of relation between organisms and environment.
- (ix) Ecology is branch of biology.

) Match the coloums : (any five)

5

- | | |
|------------------------------|-----------------------------------|
| (i) Privatisation | (a) Acid Rain |
| (ii) Farmers suicide | (b) Deinvestment in PSU |
| (iii) Globalisation | (c) Higher input cost |
| (iv) Brain drain | (d) Integration of worlds economy |
| (v) Foreign exchange reserve | (e) Cause of migration |
| (vi) Impact of ITC | (f) Effect of rnigration |
| (vii) New technology | (g) 24 × 7 operational |
| (viii) Ecology | (h) Cost effective |
| (ix) Behavioural ecology | (i) Branch of biology |
| (x) Air pollution | (j) Branch of ecology |
