Q.1 Case Study

10

The bank believes in adopting and adhering to best recognized corporate governance practices and continuously benchmarking itself against each such role practice. The bank understands and respects its fiduciary role and responsibility to shareholders and strives hard to meet their expectations. The bank believes that best board practices, transparent disclosures and shareholder empowerment are necessary for creating shareholder value.

The bank has infused the philosophy of corporate governance into all its activities. The philosophy of corporate governance is an important tool for shareholder protection and maximization of their long term values. The cardinal principles such as independence, account ability, responsibility, transparency, fair and timely disclosures, credibility etc. sever as the means for implementing the philosophy of corporate governance in letter and spirit.

The bank was amongst the first four companies which subjected itself to a corporate governance and value creation rating by CRISIL. The rating provides an independent assessment of an entity's current performance and an expectation on its balanced value creation and corporate governance practices.
