**[6028]-101**

**F.Y. M.B.A. (I.T.)**

**101 (Core) : C PROGRAMMING & DATA STRUCTURE**

**(2020 Pattern) (Semester -I)**

*Time : 2½ Hours]*

*[Max. Marks : 50*

*Instructions to the candidates:*

- 1) All questions are compulsory.*
- 2) Figures to the right indicate full marks.*

**Q1) Solve any five:**

**[10]**

- a) Differentiate between identifiers & keywords.
- b) f printf ( ) in C.
- c) Differentiate between System flow chart & Program flow chart.
- d) Characteristics of static variables.
- e) scanf ( ) in C.
- f) getch ( ) & getchr ( ) in C.
- g) Union in C.

**Q2) Answer the following (Any Two)**

**[10]**

- a) Explain loops in C Programming.
- b) Explain call by value & call by Reference.
- c) Explain ternary operator in C.

**P.T.O.**

**Q3)** Write a Program to find largest & smallest elements in an Array of Integers.[10]

OR

Write a Program to print all Integer Prime Numbers of given Number (User Input). [10]

**Q4)** Write a C Program to create a structure named “student” with members for student Name, Roll No. & Marks in three subjects. [10]

OR

Write a C Program to Print Triangles as shown :- [10]

```
1
3  5
7  9  11
13 15 17 19
```

**Q5)** Write a C Program that reads a text file containing a list of Integers and calculate the SUM and AVERAGE of the numbers. [10]

OR

Write a C Program that takes an Array of Integers as Input and finds the second smallest element in the Array using pointers. [10]

[6028]-102

M.B.A. (IT)

**102 : SOFTWARE ENGINEERING WITH UML**  
**(2020 Pattern) (Semester - I)**

*Time : 2½ Hours]*

*[Max. Marks : 50*

*Instructions to the candidates :*

- 1) *All questions are compulsory.*
- 2) *Draw neat labeled diagrams wherever necessary.*
- 3) *All questions are equal marks.*

**Q1)** Solve any five (each 2 marks) :

**[5 × 2 = 10]**

- a) Write any four advantages of water fall model.
- b) Explain nature & software.
- c) Define basic components of software system.
- d) Write any four roles & users in SDLC.
- e) Distinguish RAD model and prototyping model.
- f) Explain in short software development approach with SSAD.
- g) What is SDLC? List any four types of SDLC model.
- h) What is RUP? Write any four phases of RUP.

**Q2)** Write short note on (any two) :

**[2 × 5 = 10]**

- a) Inheritance and polymorphism.
- b) OOAD Abstraction and Encapsulation.
- c) OOAD Association and Links.

**Q3)** Prepare SRS document for Railway Reservation system. The overall functionality is as follows : **[10]**

- a) Registration of passengers
- b) Ticket booking
- c) Train details
- d) Payment

**P.T.O.**

OR

Explain Decision table and decision trees. Draw decision table for the following :

The overall functionality of “Catering system” Covers :

- a) Customer registration gender - wise
- b) Collection of orders only for advance payment 50%
- c) Delivery of orders based on customer satisfaction.

**Q4)** Demonstrate use-case driven object oriented analysis for ATM web Application. **[10]**

OR

Draw sequence and collaboration diagram for CAB management system which provides the facility for the people to register with their personal details. Drivers are also register with their personal details and CAB information. This system is used to provide pickup and drop service for customers.

**Q5)** Design uses interface for employee management system which shows details of employees. **[10]**

OR

Explain various elements of good UI design and design issues.

[Total No. of Pages : 2

**[6028]-103**

**M.B.A. (I.T.)**

**103 : DATABASE MANAGEMENT SYSTEM**

**(2020 Pattern) (Semester - I)**

*Time : 2½ Hours]*

*[Max. Marks : 50*

*Instructions to the candidates:*

- 1) *All questions are compulsory.*
- 2) *Figures to the right indicate full marks.*

**Q1) Answer of Any Five :**

**[10]**

- a) Define Database.
- b) Define Data Independance.
- c) Why Database recovery needed.
- d) Define checkpoints
- e) Define public key.
- f) What is security and integrity.
- g) Define Atomicity.
- h) Define logical view.

**Q2) Solve Any Two :**

**[10]**

- a) Explain Aggregation with suitable example.
- b) Explain various state of transactions.
- c) Define primary key. Explain two phase locking.

**P.T.O.**

**Q3)** What is cardinality? Give example of following relationship.

**[10]**

- a) Many to One
- b) One to One
- c) One to Many
- d) Many to Many

OR

Assume that  $T_i$  requests a lock held by  $T_j$ . The following table summarizes the actions takes for wait-die-and wound-wait scheme.

	Wait-die scheme	wound-wait scheme
$T_i$ is younger than $T_j$	KI	X
$T_i$ is older than $T_j$	Y	Z

**Q4)** Demonstrate relational Algebra with proper example.

**[10]**

OR

Create employee table with following attributes employee (E-id, E-name, Dept-id Salary)

- a) Insert 5 records in employee table.
- b) Print employee who are working in Dept-id=10
- c) Print count of employee working in Dept-id=10
- d) Print employee name starting with 'A' letter.

**Q5)** Demonstrate normalization with suitable example.

**[10]**

OR

Demonstrate different types of functional dependencies with suitable example.

*[Max. Marks : 50*

*Instructions to the candidates:*

- 1) *Q.1 and Q.6 are compulsory.*
- 2) *Solve any 3 questions from Q.2 to Q.5.*

**Q1) Solve All.**

**[5×2=10]**

- a) Define Organizational Behaviour.
- b) Define group dynamics.
- c) Define managerial functions.
- d) Transactional analysis.
- e) Define conflict.

**Q2) Explain in detail about Taylor Fayol theory.**

**[10]**

**Q3) Explain the reasons for inter group conflicts. What strategies you will apply to avoid these conflicts?**

**[10]**

**Q4) “Controlling is most important function of management”. Discuss with an example.**

**[10]**

**Q5) Explain decision making and it's various types with suitable example.**

**[10]**

**Q6) Write short note on (Any 2).**

**[2×5=10]**

- a) MIS
- b) Theory X,Y,Z
- c) Team Building

**105 : FUNDAMENTALS OF INFORMATION TECHNOLOGY**

**(2020 Pattern) (Semester - I)**

*Time : 2½ Hours]*

*[Max. Marks : 50*

*Instructions to the candidates:*

- 1) *All questions are compulsory.*
- 2) *Figures to the right indicates full marks.*

**Q1)** Answer the following (Any 5) :

**[10]**

- a) Define data and information.
- b) What are the different types of ROM?
- c) What are the different types of number system?
- d) What is EBCDIC?
- e) What are the functions of operating system?
- f) What is multiprocessing?
- g) What is function of interpreter?
- h) What are types of networks?

**Q2)** Answer the following (Any 2) :

**[10]**

- a) What is memory? Differentiate between RAM and ROM.
- b) What is microprocessor? Explain its types in detail.
- c) Explain language converter with its types.

**P.T.O.**

**Q3) Convert the following :**

**[10]**

- a) i)  $(150)_{10} = (?)_2$
- ii)  $(726)_8 = (?)_{10}$

**OR**

- b) i)  $(326)_8 = (?)_2$
- ii)  $(10110.001)_2 = (?)_{10}$

**Q4) Answer the following :**

**[10]**

- a) i) Differentiate between memory management and file management. **[4]**
- ii) Explain batch processing and spooling in detail. **[6]**

**OR**

- b) i) Explain CPU scheduling in detail. **[4]**
- ii) Differentiate between high level language and low level language. **[6]**

**Q5) Answer the following :**

**[10]**

- a) i) Draw digital block diagram of computer. Explain function of input output devices. **[4]**
- ii) What is topology? Explain any two with proper diagram. **[6]**

**OR**

- b) i) What is input device? Explain scanning devices in detail. **[4]**
- ii) Draw the ISO - OSI model. Write down the function of any two layers. **[6]**

- 1) Assume Suitable Data if necessary.*
- 2) Draw neat, labelled diagram whenever necessary.*
- 3) Figures to the right indicate full marks.*
- 4) All questions are compulsory.*

**Q1) Solve any Five**

**[10]**

- a) Define marketing?
- b) what do you mean by selling?
- c) What is market?
- d) What is advertisement?
- e) What is digital marketing?
- f) What is content marketing?
- g) What is email marketing?
- h) State any two advantages of digital marketing?

**Q2) Solve any two**

**[10]**

- a) Explain the concept of Email Marketing?
- b) State the any one types of social Media Marketing in brief?
- c) Explain the elements of M- commerce?

**Q3) Solve any One**

**[10]**

- a) What are SEO and explain the concept of SEO?
- b) Explain characteristics, merits and demerits of M-Commerce?

**P.T.O.**

**Q4) Solve any One**

**[10]**

- a) Explain video marketing and display Marketing in details?
- b) Explain in Details, how digital marketing differ from traditional marketing?

**Q5) Solve any One**

**[10]**

- a) Discuss the role of social media in digital marketing?
- b) Explain the Fundamental Principles of Digital marketing with respect to Social Media platform?

**Q1)** Solve any Five

- a) Benefits of ecommerce [2]
- b) Define ecommerce [2]
- c) What are different modes of operation on associated with ecommerce.[2]
- d) Characteristics of Internet [2]
- e) Role of cookies in ecommerce [2]
- f) WWW. EBAY.com [2]
- g) Paypal [2]
- h) C2C ecommerce? [2]

**Q2)** Solve any two

- a) What is ecommerce? Explain functions of ecommerce [5]
- b) The requirement & uplift of the role of internet & web in ecommerce is tremendous Justify - the statement. [5]
- c) What is shopping cart? Explain different types of shopping carts. [5]

**P.T.O.**

**Q3) Solve any One:**

- a) What is ecommerce? Explain different types of ecommerce. [10]
- b) Explain different types of online payment options in Electronic Fund Transfer (EFT). [10]

**Q4) Solve any One :**

- a) What are different pre requisites for ecommerce? Explain its merits & demerits. [10]
- b) What are uniform resource locators? How does internet protocol help uniform resource locators? [10]

**Q5) Solve any One :**

- a) What are the goals of ecommerce? What is the difference between B2B & B2C business model? [10]
- b) What are the different components of internet? Explain the scope of ecommerce with respect to internet components [10]

M.B.A. (I.T.)

108 : WEB DESIGNING

(2020 Pattern) (Semester - I)

Time : 2½ Hours]

[Max. Marks : 50

Instructions to the candidates:

- 1) All questions are compulsory.
- 2) Each question having 10 marks.
- 3) Figures to the right indicate full marks.

Q1) Explain the Tags (any 5) :

[10]

- a) <body> ... </body>
- b) <area>
- c) <caption align = "value"></caption>
- d) <div>...</div>
- e) <form> ... </form>
- f) <label> ... </label>
- g) <legend>... </legend>
- h) <marquee>... </marquee>

Q2) Solve any 2 :

[10]

- a) Explain Control Structures in VBScript with suitable examples.
- b) Explain error handling in Jscript with an example.

P.T.O.

c) Write an HTML Code to draw a table.

Name :	<input type="text"/>
Password	<input type="password"/>
Confirm Password	<input type="password"/>
City	<input type="text" value="Select City ▼"/>
Gender	<input type="radio"/> Male <input type="radio"/> Female
Gmail	<input type="text"/>
<input type="button" value="Submit"/>	

**Q3)** Answer the following (any 1) :

**[10]**

- Demonstrate Bitwise operate in JScript.
- Explain Logical operators in VB Script with an Example.

**Q4)** Solve (any 1) :

**[10]**

- Explain Functions in VB script? With an example?
- Create a simple multiplication table asking the user the number of rows and columns he wants.

**Q5)** Solve (any one) :

**[10]**

- Explain various types of Style Sheets in HTML. At least 3. five types are required.
- Create a code in Jscript where with in click event message is displayed with the particular name

Click on the button after inputting your name into the text box:

<input type="text" value="ram"/>	<input type="button" value="Click Here"/>

**Q1) Solve any Five:**

**[10]**

- a) Which of the following is defined as an attempt to harm, damage or cause threat to a system or network.
  - i) Digital crime
  - ii) Threats
  - iii) System hijacking
  - iv) Cyber attack
- b) Name the types of cyber security.
- c) Which algorithm is used to protect email messages?
- d) Define encryption
- e) Define topology
- f) List the types of cyber attack
- g) Define WAF
- h) What are grey hat hackers?

**Q2) Answer any Two:**

**[10]**

- a) Explain security architecture and models.
- b) Explain security management practices.
- c) Explain computer forensics.

**P.T.O**

**Q3) Answer any One:**

**[10]**

- a) What are the components of wireless networks and also explain the security issues in it.
- b) Explain the different encryption techniques in detail.

**Q4) Answer any One:**

**[10]**

- a) Explain in detail about security in multimedia networks across various computing platforms.
- b) Explain the different network topologies in detail with advantages and disadvantages.

**Q5) Answer any One:**

**[10]**

- a) Explain the different types of cyber attack
- b) What is information security audit? Explain how it is done in ecommerce applications.

**Q1)** Define the terms (any FIVE) :

- a) Object
- b) Inheritance
- c) Swing
- d) Constructor
- e) Interface
- f) Key listener
- g) Exception
- h) Stream

**Q2)** Answer any TWO :

- a) Explain any four features of Java.
- b) Describe the purpose of JDK. Mention some tools of JDK and their purpose.
- c) Explain various stages in applet life cycle.

**P.T.O.**

- Q3)** a) Write a java program to create abstract class Shape with methods calculate-area and display-area. Derive two classes Circle(radius), Rectangle(length, breadth) from it. Calculate area and display the area of all classes.

OR

- b) Write a Java program to create a class Employee with data member as name and Salary. Accept data of five employee and display details with total salary of all Employee.

- Q4)** a) Write a program that accepts two numbers and a operator like (+, -, \*, /) as command line arguments and perform the appropriate operation indicated by the operator. If user enters any other character, fire user-defined exception with appropriate message “Invalid Character Exception”.

OR

- b) Write a java program to copy the content of one text file into another.

- Q5)** a) Write an applet that accepts a string in a text field and program should reverse the string and display it.

OR

- b) Write an application using swing which contains a Text fields and accept a number and displays an error message if that is not a number else display the sum of digits.

**Q1)** Solve any five :

**[10]**

- a) Define BOM?
- b) Define PLC?
- c) Define MRP?
- d) Define EOQ?
- e) Define LIFO?
- f) What is Ratio analysis?
- g) Define Product?
- h) Define Accounting?

**Q2)** Solve any two :

**[10]**

- a) Explain labour efficiency and productivity?
- b) Explain BOM processing with product configuration?
- c) Write Short notes on :
  - i) Sales budgeting
  - ii) Retail Marketing

**P.T.O.**

**Q3) Solve any one :** **[10]**

- a) Explain Payroll system in an organisation and draw the format of salary slip.
- b) Explain in detail various techniques of recruitment and explain flow of information with proper diagram.

**Q4) Solve any one :** **[10]**

- a) Explain in detail Ratio analysis with suitable example on any 3 ratios.
- b) Define Journal and explain in detail how to make Journal entries?

**Q5) Solve any one :** **[10]**

- a) Define forecasting and explain in detail demand forecasting.
- b) What is CRM? and give difference between CRM and SCM in detail.

**Instructions to the candidates :**

- 1) *All questions are compulsory.*
- 2) *Each questions having 10 marks.*
- 3) *Figures to the right indicate full marks.*

**Q1) Consider the following table to solve ANY FIVE the following SQL queries:**

Employees (emp-id, emp\_name, salary, commission\_pct, hire\_date, manager\_id, job\_title, dept\_no) Departments (dept\_no, department\_name, location)

- a) Create above tables with suitable constraints.
- b) Display unique department numbers from employees table.
- c) Display the emp\_name of employees whose third letter should contains the character 'a'.
- d) Add column e-mail in employees table.
- e) Display department wise salary of an employees.
- f) Delete the records of employees whose salary is less than 12000.
- g) Display the emp\_name, department number and department name for all employees.
- h) Display the emp\_id and emp\_name along with their manager's name.

**Q2) Write short notes on(ANY TWO) :**

- a) Group By clause
- b) Date functions
- c) Trigger

**P.T.O.**

**Q3) Solve any ONE of the following :**

- a) Explain different types of Join operations with example.
- b) What is meant by Constraints? Explain different types of constraints in Oracle.

**Q4) Solve any ONE of the following :**

- a) What is mean by Cursor? Explain different types of Cursor in Oracle.
- b) Explain different SQL functions available in oracle.

**Q5) Solve any ONE of the following :**

- a) Write a Cursor to display first five records of employee table.
- b) Write a Function odd\_or\_even() to test whether the input number is ODD or EVEN.

- 3) *Figures to the right indicate full marks.*

**Q1)** Solve any Five of the following.

- a) What are different activities under technical project management.
- b) What are different types of risks in software project?
- c) What are different techniques for software quality assurance?
- d) What is strategic and technical assessment in Project Planning.
- e) Wht are different key attributes of quality software?
- f) What is role of Client and users in project management?
- g) Write the goals of Project management.
- h) What is mean by dynamic system development?

**Q2)** Write short notes on (Any two)

- a) Risk management in software project
- b) Extreme programming
- c) Defect Management

**Q3)** Solve any one of the following

- a) Define software project management. How software projects are differ from other type of project?
- b) What are software process model? Explain briefly the waterfall model of software development.

**P.T.O.**

**Q4)** Solve any One of the following

- a) Explain COCOMO model with an example.
- b) Explain the different levels of CMM and its advantages.

**Q5)** Solve any one of the following

- a) Explain PERT a tool risk management.
- b) Explain difference between Software engineering and SPM.

**Q1) Solve any 5 :**

**[10]**

- a) What is internet?
- b) What is ciphertent?
- c) Name 3 pillars of information security.
- d) Explain managed phase in CMM.
- e) What is proxy firewall?
- f) What are patents?
- g) What are the phases of PDCA?
- h) What is ISMS?

**Q2) Answer any two :**

**[10]**

- a) Explain security features in VPN.
- b) What is information system? Give the importance of managing security of information system.
- c) What are the benefits of internet? Give the evolution of global information system.

**Q3) Answer the following :**

**[10]**

- a) Explain cryptographic techniques.
- b) Explain IDS of information system.

**P.T.O.**

**Q4)** Explain the following :

**[10]**

- a) Explain security considerations for mobile workforce.
- b) Give the significance of physical security and biometric controls for protecting information security asset.

**Q5)** Short notes (any 2) :

**[2 × 5 = 10]**

- a) Explain COBIT.
- b) Business continuity planning.
- c) Explain need of security audit in organisation.
- d) Types of Firewall.
- e) IPR

[Max. Marks : 50

Instructions to the candidates:

- 1) All Questions are compulsory and carry equal marks.
- 2) Draw necessary diagram wherever required.
- 3) Figures to the right indicate full marks.

Q1) Solve any five

[10]

- a) What is debugging?
- b) What is interfaces?
- c) What is Collector?
- d) Define Garbage Collector?
- e) Define Type Comparison?
- f) Explain variable & Operators?
- g) What are methods in C#?
- h) What are properties of class?

Q2) Solve any two

[10]

- a) Explain in detail the difference between Type Comparison and Value Comparison?
- b) Explain event Handler in details?
- c) Explain in detail exception handling with system defined and user defined?

P.T.O.

**Q3) Solve any one**

**[10]**

- a) Explain and Define Webforms. With standard control - class, button in details?
- b) Explain the following controls in details.
  - i) Image map Control
  - ii) Check box list control.

**Q4) Solve any one**

**[10]**

- a) Explain in details validators and its type?
- b) Design a form and write the following code to :
  - Displaying Item details in a drop down list.
  - Select item from list and display it detail on the text box.
  - Using connected DB - Add Nam of Table in Item Master (Item id, Title, price, Quantity)

**Q5) Solve any one**

**[10]**

- a) Explain with neat labelled diagram Asp.net Architecture in detail?
- b) Explain in detail Webservices in Asp.net in details?

**Q1)** State the functions of protocol (any 5)

**[5×2=10]**

- a) TFTP
- b) TELNET
- c) RTSP
- d) SMTP
- e) RSVP
- f) WAP
- g) SIP
- h) P2P

**Q2)** Solve (any 2)

**[2×5=10]**

- a) Discuss LAN emulation & state the functions of LAN.
- b) Explain briefly switching & types of switching fabrics.
- c) Explain Digital signatures and its importance in Cryptography.

**P.T.O.**

**Q3) Solve (any 1)**

**[1×10=10]**

- a) Describe the elements of application protocols?

OR

- b) Discuss the importance of mobility management in Wireless LAN.

**Q4) Solve (any 1)**

**[1×10=10]**

- a) Illustrate the challenges to remove Jitter & packets loss during continuous playback of streamed Video Data.

OR

- b) Can you distinguish between Integrated and differentiated services.

**Q5) Solve (any 1)**

**[1×10=10]**

- a) Enlist the authentication protocols and its characteristics.

OR

- b) Compare client server, Peer to Peer & Hybrid Networking.

**Q1) Solve any 5 :**

**[10]**

- a) What is the relation between test case and test data?
- b) What is Test procedure?
- c) What is database test case?
- d) Is test data mandatory for every test case?
- e) What are stubs?
- f) What is RTM (Requirement Trace ability Matrix)?
- g) What is API testing?
- h) Name any two tools to prepare test report.

**Q2) Answer any two :**

**[10]**

- a) Explain the risk associated with software testing.
- b) What are testing objectives?
- c) Explain incremental test in detail.

**Q3) Answer the following :**

**[10]**

- a) Explain test scripts.
- b) Explain user's and tester's role.

**P.T.O.**

**Q4)** Answer the following :

**[10]**

- a) Explain functional test cases.
- b) Write the test plan standards.

**Q5)** Short notes (Any two) :

**[10]**

- a) Cause and effect diagram
- b) Defect management
- c) Use of tools in testing
- d) Regression analysis
- e) Stress test cases

**(2020 Pattern) (Semester -III)**

*Time : 2 Hours]*

*[Max. Marks : 50*

*Instructions to the candidates:*

- 1) All Questions are compulsory.*
- 2) Each Question having 10 marks.*
- 3) Figures to the right indicate full marks.*

**Q1) Solve (any 5) [10]**

- a) What is namespace conflict? How is it handled in C++?
- b) What is a generic program? How it is implemented in C++?
- c) What is a container? Explain the types of containers.
- d) What is a destructor? Give an example.
- e) Explain a prototyping function? How it can be implemented?
- f) What is the friend function?
- g) What is Run Time Type Identification?
- h) What is function overloading?

**Q2) Solve (any 2) [10]**

- a) Explain static member function and static data member.
- b) What is the need for virtual base classes? Give an example to illustrate the need for a virtual base class.
- c) Explain with example, conversion from class type to built - in type?

**Q3) Answer the following (any 1) [10]**

- a) Write a program to create a template class circular queue to implement insertion & deletion operations.
- b) Write a program to overload[] and != operators

**P.T.O.**

**Q4) Solve (any One )**

**[10]**

- a) Write a program to read the records from “Bank.txt” file & delete records of customers whose balance is less than 1000.
- b) A class contain following information as PRN, student - name, PER - marks. Write a program to perform following operation in the file.
  - i) Add record
  - ii) Display all record
  - iii) Modify record

**Q5) Solve (any 1)**

**[10]**

- a) A company has following details of their employees in the file ‘emp.dat’.
  - i) Emp ID
  - ii) Emp Name
  - iii) Emp Address
  - iv) Emp Dept (Admin/Sales/Production/IT)
  - v) Emp phone
  - vi) Emp Age

Write a program to read the above file. Create new files such as Adm. dat, Sal. dat, Pro.dat, IT. dat respectively, to store the employee details according to their department. Email security
- b) Write a program to display the size of a file by accepting a filename as a command line argument.

309 UL : E - GOVERNANCE & FRAMEWORK OF ICT

(2020 Pattern) (Semester-III)

Time : 2 Hours]

[Max. Marks : 50

Instructions to the candidates:

- 1) All Questions are compulsory.
- 2) Each question carries 10 marks.
- 3) Figures to the right indicate full marks.

Q1) Solve any 5

[10]

- a) What is ICT?
- b) Name two fields of E-Governance in rural areas.
- c) How e-Governance empowers the citizens? Give two points.
- d) e-Rakam portal was launched by whom and what was the purpose?
- e) What is the term used to pour out one's grievance by using a website?
- f) Name the mobile payments application developed by National payments corporation of India based on UPI.
- g) Explain digital divide.
- h) Mention any one portal which include list of online courses.

Q2) Solve any 2

[10]

- a) Explain maturity model of E-Governance.
- b) What are the pillars of E-Governance.
- c) Explain SMAC.

P.T.O.

**Q3)** Explain national and international issues in E-Governance. [10]

**Q4)** Explain the emerging I.C.T. trends in E-Governance. [10]

**Q5) Write short notes (any two)** [10]

- a) Differentiate e-governance and e-government.
- b) Pervasive computing.
- c) Smart cities.
- d) Open web application security project (OWASP).
- e) Opportunities of E-Governance.

- 2) *Each question carries 10 marks.*
- 3) *Figures to the right indicate full marks.*

**Q1) Define the following terms (any 5)**

**[10]**

- a) BPR
- b) MRP
- c) ERP
- d) SOA
- e) Logical Integration
- f) Physical Integration
- g) SAP
- h) SCM

**Q2) Solve (any 2)**

**[10]**

- a) Discuss why enterprise integration is important?
- b) Difference between Role of ERP in logical & Physical Integration?
- c) Explain MRP in detail.

**Q3) Answer the following (any 1)**

**[10]**

- a) Explain briefly the responsibilities of ERP Project Team?
- b) Discuss Service Oriented Architecture with procurement process?

**P.T.O.**

**Q4) Solve (Any 1)**

**[10]**

- a) Illustrate the functional Modules of SAP & its three tier Architecture.
- b) Can you distinguish between Oracle Fusion Modules & ERP Packages.

**Q5) Solve (Any 1)**

**[10]**

- a) L & B is a fast growing Indian Pharmaceutical Company it needs to deploy a CRM solution to strengthen its sales & marketing. And build a robust systems to track customers, strengthen customer relations and enhance sales force productivity. In 2017 the firm is considering several CRM solutions which have been shortlisted on the bases of features and price. L & B is facing Important question
  - i) Which CRM solution best suits the firm?
  - ii) What will be the direct & indirect effects of the Implementation?
- b) What are 3 main components of customer Relationship Management?

*[Max. Marks : 50*

*Instructions to the candidates:*

- 1) Assume Suitable Data if necessary.*
- 2) Draw neat, labelled diagram whenever necessary.*
- 3) Figures to the right indicate full marks.*
- 4) All questions are compulsory.*

**Q1) Solve any Five**

- a) What are principles of text and images? [2]
- b) What is PCM? [2]
- c) Define character animation? [2]
- d) What is TEXT? [2]
- e) Define LAN, WAN, MAN? [2]
- f) List qualities of reconstructed images? [2]
- g) What is Video? [2]
- h) What is Application in Multimedia? [2]

**Q2) Solve any Two.**

- a) Explain the image fundamentals in multimedia? [5]
- b) What is Lossy Image Compression? [5]
- c) Explain the fundamentals of Image? [5]

**Q3) Solve any one:**

- a) What is Dynamic Huffman coding? and explain in Huffman Coding Text Compression in Detail? [10]
- b) State the LZW Text Compression? [10]

**P.T.O.**

**Q4)** Solve any One:

- a) What is Predictive Coding? Explain in detail Linear Predictive Coding? [10]
- b) What is Video Compression? State the Principles for Video Compression [10]

**Q5)** Solve any one:

- a) What are Animation techniques? Explain in detail rendered and morphing frame in Animation? [10]
- b) What is Morphing? State the Principles for facial animation? [10]

- 2) *Each question carries 10 marks.*

**Q1) Solve any 5**

**[10]**

- a) List out any two IOT applications.
- b) Explain any two characteristics of IOT.
- c) State two merits of IOT.
- d) Give any future internet technologies.
- e) Define M2M.
- f) State any two disadvantages of IOT.
- g) What is the vision of IOT?
- h) What are the components of IOT?

**Q2) Solve any two from the following.**

**[10]**

- a) Explain the IOT value chains.
- b) What are the main design principles to be considered in building the architecture?
- c) Explain the information view.

**P.T.O.**

**Q3)** Solve the following.

**[10]**

- a) Discuss the security and privacy issues in IOT.
- b) What is future factory? Explain in detail.

**Q4)** Explain in detail any IOT application.

**[10]**

**Q5)** Write short notes on any 2

**[10]**

- a) Explain IOT in smart cities
- b) What is IOT governance?
- c) Explain Deployment view
- d) What is Brownfield IOT?
- e) Explain big data with reference to IOT

**Q1) Solve any five :**

**[10]**

- a) Define IoT.
- b) Define industry 4.0.
- c) Adoption of IoT.
- d) Open source
- e) Define pre-processor
- f) MQTT Server
- g) Injection Engine
- h) Cryptography

**Q2) Solve any 2 :**

**[10]**

- a) What are different components of IoT?
- b) Describe open source platform.
- c) How to setup IoT platform?

**P.T.O.**

**Q3) Solve any one :**

**[10]**

- a) Explain IoT architecture in brief.
- b) Explain basic statements in C with suitable example.

**Q4) Answer any one :**

**[10]**

- a) Describe IoT cloud building blocks.
- b) Explain device management & application services.

**Q5) Answer any one :**

**[10]**

- a) Explain different securities used in IoT.
- b) Describe bench marking of IoT application & its platforms in detail.
