20. There are 25 boxes of blue colour and 10 boxes of red colour, here the colour of the box is _____ variable.
 a. qualitative b. quantitative c. microscopic d. economic

Q. 2 A Give an account on different parts of the computer. **08**

Q. 2 B Explain any two output devices. **07**

OR

Q. 2 C Give any 7 important points in making a presentation. **08**

Q. 2 D Write any 4 parts in the basic layout of MS-Word. **07**

Q. 3 A Give a detailed account on Computer Viruses with 2 examples. **08**

Q. 3 B List different uses of the internet. **07**

OR

Q. 3 C Give a detailed account on different Topologies of Networks with diagrams. **08**

Q. 3 D Explain basic structure of email and give protocols used in email clients. **07**

Q. 4 A Calculate mean, median, mode and range for the following data: **08**
 1,3 ,5 ,7 ,2 ,4 ,6 ,8 ,10, 9, 10, 5, 5, 4,6,2,8,4, 5, 5

Q. 4 B Interpret the following graphical representation. Title: Choice of fruits eaten during short break in school going children. **07**

OR

Q. 4 C Describe four methods of probability sampling strategies with examples **08**

Q. 4 D Find mean for the following data: **07**

Class Interval	0-10	10-20	20-30	30-40	40-50	50-60
Frequency	20	10	7	5	5	3

Q. 5 Do as directed (Any Two) **15**

- Any two functions of operating system
- FTP
- Spreadsheet softwares.
- Classification of Data.
- Applications of biostatistics in various fields.
